

RuralCONNECT

INVITATION

Supporting
remote families,
their children and
communities in
far western NSW

Are you part of a community not for profit organisations and want to up grade your banking procedures?

With the majority of day-to-day banking transactions having moved to **E-Banking** and **EFTPOS**, the traditional banking methods of using counter-signed cheques to make payments and only accepting cash for payments are fast going the way of the Dodo!

Major banks have already commenced advising customers that cheques (and passbooks) will be phased out within the next couple of years, it is a prudent time to take a look at your not-for-profit community organisation or sporting club's current banking practices and the institution(s) your group utilises.

NOW is the time to start considering your community or not-for-profit organisation's future banking needs and processes!!!

If this is you our Upgrading your Not for profit community groups 's Banking Procedures for the 21st Century is the session for you.

What you will learn

- Topics to be covered include:**
- **Setting up Electronic Banking for NFPs**
 - **PayID** — Is this the future of online payments
 - **Bank@Post** — an alternative
 - **Debit Card** — why it is beneficial to have one, and how to safeguard it
 - **Accepting EFTPOS Payments** — the how and why!
 - **Investment Accounts** — The benefits of having one
 - **Banking Continuity** — How to handle changes of Office Bearers and Authorised Signatories.

Meet Our Presenter

Nicholas Pyers is the Founder and Chief Consultant at Junee Community Network, an organisation that assists not-for-profit community groups and sporting clubs across Regional and Rural NSW to find, and apply for, appropriate funding for local community projects.

For over thirty-five years, Nicholas has worked with community-based organisations, across the globe, to improve governance, educate boards and members, enhance communications internally and externally, increase volunteerism, and fundraise (not just through grants but also by thinking outside the box).

Session Details:

Date: Thursday 5 June 2025

Time: 12 noon to 1 pm

Where: Virtual (Link provided upon registration)
